- Oil-based enamel paint with gloss silver finish
- Quick drying for fast, efficient application
- Creates durable, long-lasting protective surface
- Suitable for interior and exterior use
- Adjustable spray nozzle for narrow or wide coverage

Safety Data Sheet

Adjustable Fan Spray

Chemz Gloss Silver Enamel is a premium oil-based enamel paint formulated to deliver a smooth, high-gloss silver finish on a wide range of surfaces. The quick-drying formulation provides a hard-wearing, durable coating that resists wear and maintains appearance over time. Suitable for both interior and exterior applications, it adheres well to metal, wood and other materials. The adjustable spray nozzle allows precise control, providing either narrow or wide spray patterns for accurate, even coverage.

CHEMZ GLOSS SILVER ENAMEL

CODE : 8684

SIZE : 400ml

PROPELLANT: Hydrocarbon

CONTAINS: Aromatic Hydrocarbons 10 - 30%
Dearomatised Hydrocarbon Solvent 10 - 30%

PRECAUTIONS: Read label before use. Keep out of reach of children. Keep away from heat and open flames. No smoking. Do not use near an open flame or other ignition source. Pressurised container: Do not pierce or burn, even after use. Wash hands thoroughly after handling. Gloves and eye protection are recommended. Use personal protective equipment as required. Avoid breathing vapour. Only use in a well-ventilated area. In confined areas, use a respirator. Do not eat, drink or smoke when using this product. Beware: Deliberately sniffing or inhaling concentrated contents can be harmful or fatal.

DIRECTIONS: Give the can a good shake until the agitator ball moves freely, and then keep shaking for an extra 1 minute. Apply a series of thin coats with smooth even strokes holding can approximately 15-20cm from the surface until desired coverage is achieved. Let it dry for 10 minutes before adding the final coat. When finished spraying, clean the valve by inverting the can and pressing button until only pressure is released.

APPLICATIONS:

INDUSTRIAL & MANUFACTURING - Finishes metal frames, machinery and workshop surfaces

TRANSPORT & LOGISTICS - Coats truck bodies, trailers and vehicle parts

CONSTRUCTION & MINING - Protects steel structures, tools and equipment

RURAL & AGRICULTURAL - Finishes gates, farm machinery and implements

MARINE & FISHING - Protects boat fittings, trailers and coastal equipment
