Trade Name: Purity FG White Mineral Oil 68
Description: Lubricant
Code: C 15

Approvals:

This compound is approved for use in premises processing all animal product except dairy, operating under the Animal Products Act regime.

This approval is under the following regulations, subject to the conditions stated in this approval:

1. Regulation 247 of the Animal Products Regulations 2021 and Regulation 18 of the Animal Products (Regulated Control Scheme – Limited Processing Fishing Vessels) Regulations 2001

Conditions:

1. This can be used during processing of food to lubricate moving parts of equipment when the lubricated surface is either an integral part of the food contact surface, or where contamination could result from bearing seal leakage.
2. The amount used should be the minimum required to accomplish the technical effect.
3. The equipment must be maintained, including the application of lubricants, according to the specifications of the equipment manufacturer.
4. The lubricated surface must be maintained according to requirements for sanitation of food contact surfaces. Where necessary the relevant parts of the equipment must be dismantled to inspect the adequacy of cleaning.
5. When incidental contamination of a food contact surface occurs, the surface must be cleaned and rinsed with suitable water to ensure no residue remains that could be transferred to food being processed.

This is also approved for C 11 and C 13 applications.

This approval may be withdrawn at any time due to unapproved directions for use, or unsatisfactory performance, or any change in product formulation. The Ministry for Primary Industries (New Zealand Food Safety) must be notified if the holder of this approval wishes to transfer their products to another entity.

The product must be used in accordance with the manufacturer's instructions and specifications. The label may include a statement to the effect that the product is approved for use in premises registered under the Animal Products Act regime. Any statements made, however, must include the approval code and must be limited to the following unless otherwise specified:

MPI Approved C 15 (All animal product except dairy)

Note: Former NZFSA statements must be removed from your labels.
