

ZINC COLOURS

TECHNICAL DATA SHEET | 7514/ 7524/ 7564 7574/ 7584/ 7594

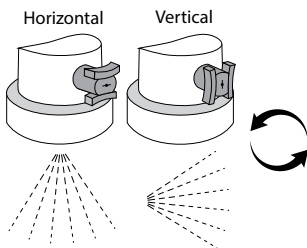

CHEMZ ZINC COLOUR RANGE Zinc Rich Protection Coating

- Zinc-rich coloured coating for all metals
- Coloured film contains pure zinc complexes
- Electrochemically bonds to bare metal surfaces
- Corrosion and weather resistant protection
- Fast drying with deep semi-gloss finish

Safety Data Sheet

Wide Top Adjustable Fan Spray

Chemz Zinc Colour Range is a zinc-rich, coloured coating designed to protect and refinish metal surfaces, including damaged or repaired hot dipped galvanising and spot weld areas. The coloured film contains pure zinc complexes and forms a deep semi-gloss finish that electrochemically bonds to bare metal, providing long-term corrosion and weather resistance. Ideal as a finishing coat over Chemz Zinc #7533, it delivers durable protection and a uniform, metallic appearance. For best results, apply to clean, dry surfaces, removing loose scale and preparing area with Chemz Electro Clean #7125 or Chemz Rapid Brake Cleaner #7816.

CHEMZ ZINC COLOURS

CODE : 7514/ 7524/ 7564/ 7574/ 7584/ 7594

SIZE : 400ml

PROPELLANT: Hydrocarbon

White Zinc #7524 - MPI APPROVED C23 (All animal products except dairy)

PRECAUTIONS: Read label before use. Keep out of reach of children. Wash hands thoroughly after handling. Gloves and eye protection are recommended. Avoid breathing vapours/spray. Do not eat drink or smoke when using this product. Use only outdoors or in a well-ventilated area. In confined areas, wear a respirator. Use explosion-proof equipment.

DIRECTIONS: Chemz Zinc Colours should be applied to clean, dry, bare metal. Remove loose corrosion with a stiff brush or scraper, as galvanic protection relies on zinc bonding directly to metal. Shake can for 2 minutes after the ball rattles. Clean surfaces with Chemz Rapid before application. Apply one full coat, a second coat is recommended for added protection.

APPLICATIONS:

INDUSTRIAL & MANUFACTURING - Protects structural steel, frames and fabricated components

TRANSPORT & LOGISTICS - Touch-up protection for trailers, truck bodies, fittings

CONSTRUCTION & MINING - Protects steel structures and weld repairs

RURAL & AGRICULTURAL - Protects gates, machinery, and farm equipment

MARINE & FISHING - Protects metal surfaces in coastal environments
